Quality Policy

In accordance with customer-specific requirements, Quality Management System standards and applicable legal requirements, we commit to:

- Putting customer satisfaction at the centre of our activities.
- Ensuring product safety.
- Meeting the expectations of interested parties.
- Respecting nature and the environment.
- Continually improving our Quality Management System.
- Continually developing our quality, production and processes, and advancing them through up-to-date technologies.
- Strengthening cooperation among all our stakeholders.
- Supporting the development of our employees and strengthening their awareness of quality.

We make these commitments on behalf of all our employees.

Raşit Özkan Özer
